

MECRS COVID-19 Virus Response April 27, 2020

By this time, we suspect that everyone knows that things are operating differently from the way they did before COVID 19 appeared on the scene. Here at MECRS, we put procedures in place shortly after the outbreak to ensure that service would not be interrupted and all of those systems are working as expected.

We are pleased to report that we can provide the full range of services you may need, albeit in a remote manner. Our staff continue to answer calls placed to our office number weekdays between 8:00 am and 4:00 pm, and email messages receive the required responses as though nothing has happened. Please note however, that our office remains closed to “walk-in service”, even though there are selected staff members on site for part of the day, most days of the week. That presence is necessary to maintain systems and process incoming mail. If you need service, there isn’t anything we can’t do for you remotely so just call or email us. We are here to service your needs.
